STATISTICAL MECHANICS MADE SIMPLE

World Scientific Publishing Company. Paperback. Book Condition: New. Paperback. 360 pages. This second edition extends and improves on the first, already an acclaimed and original treatment of statistical concepts insofar as they impact theoretical physics and form the basis of modern thermodynamics. This book illustrates through myriad examples the principles and logic used in extending the simple laws of idealized Newtonian physics and quantum physics into the real world of noise and thermal fluctuations. In response to the many helpful...
