

School Facilities: Condition of America's Schools: Hehs-95-61 (Paperback)

By -

Bibliogov, United States, 2013. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.Pursuant to a congressional request, GAO reviewed the condition of the nation's school buildings, focusing on the: (1) amount of funding public elementary and secondary schools need to improve inadequate facilities; and (2) overall condition and prevalence of schools that need major repairs. GAO found that: (1) based on a national sample, the nation's schools need an estimated \$112 billion to repair or upgrade their facilities to good condition; (2) two-thirds of the schools need \$11 billion over the next 3 years to comply with federal mandates to make all programs accessible to all students, to remove hazardous substances, and to meet other requirements; (3) schools also need to comply with state and local health and sanitation codes, safety standards, and building codes; (4) two-thirds of the schools are in adequate or better condition and need only preventive maintenance or corrective repair; (5) about 14 million students nationwide attend the remaining one-third of schools that need extensive repair; (6) almost 60 percent of the nation's schools reported problems with at least one major building feature...
