

Marcuse: From the New Left to the Next Left

Filesize: 8.33 MB

Reviews

Absolutely essential read publication. It is amongst the most incredible book i have study. Your lifestyle period will be convert when you full reading this ebook.
(Dr. Meaghan Streich V)

MARCUSE: FROM THE NEW LEFT TO THE NEXT LEFT

University Press of Kansas. Paperback. Book Condition: new. BRAND NEW, Marcuse: From the New Left to the Next Left, John Bokina, Timothy J. Lukes, Marcuse brings back to center stage one of the most celebrated and controversial philosophers of the turbulent 1960s, the man Time magazine called the "guru of the New Left." In "Reason and Revolution," "Eros and Civilization," "One-Dimensional Man," and other notable works, Herbert Marcuse crystallized the essence of counterculture philosophy. His neo-Marxist critique of Western capitalism was widely embraced by revolutionaries, "hippies," and an entire generation of academics who condemned political, economic, and sexual repression in American society. So complete was Marcuse's identification with the New Left that, with its demise, he and his works fell out of favor. But, as this volume persuasively demonstrates, Marcuse remains vitally relevant for us today. Returning to Marcuse may recall the clash of idealistic exuberance and tragic violence associated with Woodstock, Haight-Ashbury, the Vietnam War, 1968 Democratic Convention, Kent State, and Earth Day, as well as the passionate voices of anti-war and civil rights protesters, environmentalists, feminists, and free love advocates. But this volume does not cater to the simplistic nostalgia of aging baby-boomers. Fifteen leading Marcuse scholars, including Marcuse's son Peter, assess the philosopher's ideas in the radically different theoretical and political contexts of the 1990s. The range of topics covered is distinctly contemporary Foucault and postmodern theories, analytical Marxism and the demise of the Soviet Union, women's studies and feminist psychoanalytic theory, aesthetic consciousness and postmodern art, radical ecology and cybernetic technology and includes Douglas Kellner's revealing first look at the unpublished manuscripts in the Marcuse Archives in Frankfurt. Sure to excite liberal as well as irritate conservative culture warriors, these provocative essays illuminate the outlines of a Marcuse revival and the Next Left as both emerge...
